QLC-3) – Writing Results to a File

Requirements

The scores must be written out to a file in the following format:

<topic>, <score><CR/LF>

<topic>, <score><EOF>

Example,

Maths, 67

Physics, 89

Use the technique you have learnt in QL-3 and QL-4 to write a test that stipulates what is expected in the output file. A file should not be created.

All verification should be done in the tests.
